

## *XS-CKZ30B Weighing grain packing machine*

This series packing machines also produce pillow-shaped package sack but use electric weight method. They are suitable for packing loose and a tactic shape material such as tea, expanded food etc. These machines can automatically complete weighing, feed, making sack: sealing, cutting and transportation.

### **Technical Parameters:**

<b>Model</b>	<b>XS-CKZ30B</b>
Production capacity(bags/min)	18-30
Volume margin(ml)	100-320
Bag size(mm)	长100-200宽80-140
Power Voltage(v)	380V三相四线制
Power Consumption(w)	2000 (加热180×4)
Dimension(mm)	宽710 × 深825 × 高1830
Net Weight(kg)	210
