

# SPM-180L2

## Shape Sachet Packaging Machine

### Application:

For liquid packaged in a shape sachet.

### Standard Features:

- Automatic forming, filling and sealing and shape.
- Sachet shape can be made according to customer design by changing punch mould.
- High Sensitive Fiber Optic photo sensor can automatically trace color mark accurately.
- PLC combined with 5.7" color touch screen control system, can easily set and change the packing parameters. Daily production output and self-diagnostic machine error can be viewed directly from the screen.
- PID Temperature controller monitors heat sealing temperature within  $\pm 1^{\circ}\text{C}$

### Optional Dosing Device:

- Date Code Printer
- Stainless Steel Machine Out Case

| Technical specification | SPM-180L2  |
|-------------------------|--|
| Sealing type            | 4 sides sealing with flat pattern                      |
| Punch mould             | Round type, bottle type, and other customer made mould |
| Max. film width         | 360mm  |
| Max. sachet size        | W80mm x L180mm   |
| Packing speed           | 20-40 packs/min  |
| Compress air            | 6 bar  |
| Voltage                 | 220V, 1 Phase  |
