

HF-180D Horizontal Bag Packaging Machine

Horizontal bag packing machine / Flat pouch packer for granule, powder, liquid, tablet, sauce, paste etc.

Features

- The advanced double-packaging feature greatly increases the speed of smaller-sized packaging;
- It allows to mount a variety of different types of fillers, cup fillers for granules, auger fillers for powders and pump fillers for liquid or viscous products;
- Its touch-screen interface between man and machine, easy to operate.

Remark

- Punching the hole for pouch hanging and installing zipper functions are available for this model.
- Different types of filler can be used according to the characteristics of the product.
