

MT-350 Automatic Sleeve Labeling Machine

Automatic Sleeve Machines MT-350 adopts PLC programmable controller, imported servo motor, servo driver, frequency converter and transducer; besides, it adopts the positioning module to ensure the casting label precise, rapid and stable. It not only has a highly precise position for casting label, but also can withstand the perfect shape of the bottle after shrinkage.

Application:

Automatic Sleeve Machine applies to food & beverage industries as fruit juice, tea, drink, dairy products, pure water, condiments, beer and sports drink etc. Of all kinds of bottles; It suitable for various kinds of bottle types, for example: round bottle, square bottle, flat bottle, curved bottle and cup-shaped, etc. It not only has a highly precise position for casting label, but also can withstand the perfect shape of the bottle after shrinkage.

Features:

1. All-cover type stainless steel host machine: the whole machine is waterproof as well as rustproof.
2. Adjustable cutter head: uniquely cyclotron cut-off, double sided cutting edge with a long service life.
3. Single positioning center guide pillar: a more stable for label delivery.
4. Synchronous bottle divider: a more stable transmission for bottle.
5. Bottom set of label brush: a more precision for casting label.
6. Label-controlling electric-eye shelf: unique combination of tail and electric-eye to improve the precision for cutting off the membrane materials.
7. Push-button control cabinet: a more humanized operation.
8. Independent feeding material shelf: the position of the material shelf is optional at will.

Technical Specification:

Model	MT-350
Power(kw)	4.0
Voltage(v)	3P 380 or 1P 220
Diameter of bottle(mm)	Ø28- Ø125
Height of Label(mm)	30-250
Thickness of Label(mm)	0.03-0.13
Internal Diameter of Tube(mm)	5"-10" adjust freely
Production(bpm)	350
G.W(kg)	520
Shipping Dimensions(mm)	2100×1100×2000
