

YB-120 Automatic Candy Lollipop Twist Packaging Machine

YB-120 lollipop twist packaging machine compared with similar products on the market, it has incomparable outstanding advantages in terms of performance, quality, appearance, etc., and enjoys a good reputation in the market. Weibang summarizes the defects of past products, and continuously improves them. The specifications of YB-120 lollipop twist packaging machine can be customized according to your needs.

The machine is suitable for the head packing of spherical lollipop.

1. The automatic sugar feeding device has the advantages of reasonable structure design, convenient operation and good packaging sealing.
2. The machine is advanced in technology and stable in performance. It not only reduces the labor cost, but also improves the hygienic standard and packaging quality of candy.
3. The computer control system is equipped with photoelectric tracking. When the device starts to empty sugar, the paper can be stopped synchronously without paper waste.

Technical parameters:

Model	YB-120
Lollipop diameter	20-28 mm
Packing speed	120 pcs/min
Total power	2.5 KW
Power supply	(3, 380V)3ph 4 wires 380V
Machine dimensions	L2500 × W900 × H1500mm
Machine weight	1200kg
