

BZ028 Corn Flake cashew kernel packing machine

This machine is a multifunctional packaging machine, cashew nut packaging machine and Corn Flake packaging machine. It can weigh accurately, pack tightly and is not easy to leak bags.

Performance introduction of full-automatic small packaging machine:

1. The whole machine adopts closed mechanism to effectively prevent dust from entering the machine.
2. The packaging machine adopts servo control to realize high-precision positioning and accurate size.
3. The gas circuit control and circuit control electric box are separated, with low noise and more stable circuit.
4. External film release mechanism is adopted, which makes the installation of packaging film simpler and easier.
5. The packaging machine adopts double belt servo film pulling, which has small film pulling resistance, good packaging bag forming, more beautiful, and the belt is not easy to wear.
6. The deviation adjustment of packaging bag only needs to be adjusted on the touch screen, and the operation is simple.
7. Color touch screen and PLC control with stable and reliable double axis high-precision output can complete bag making, metering, filling, sealing, coding and bag cutting at one time

Technical Parameters

Sealing Type	Three-side sealing / Back sealing
Weighting Range	1-100g (± 0.2 g)
Film Width Range	50-200mm
Bag Length Range	20-160mm
Power Supply	220V/110V
Plug Type	Custom your country plug
Machine Dimension	420*500*1450mm
Packing Dimension	490*470*470mm
(2 Case)	560*650*1120mm
Power Consumption	350W
Machine Weight	90 KG
