## *SH-WIM05 Automatic Aerosol Valve Cans Spray Head Actuator Assembly Fitting Inserting Pressing Machine*

### **Main Feature**

- ▶ Simulates manual hammering actions to ensure the actuator is installed securely and without damage.
- ▶ High speed operation up to 60BPM, improving production efficiency.
- ▶ With starwheel positioning to ensure precise alignment between aerosol cans and spray heads.
- ▶ Adjustable for different can heights, machine can be customized as needed.

### **Parameter**

- Machine model: SH-WIM05
- Working capacity: 40-60BPM
- Aerosol can height: 90-315mm
- Aerosol can diameter: Ø35-Ø65
- Applicable valve: 1 inch(25.4 mm)
- Air Pressure: 0.6-1MPa
- Air Consumption: 0.3-0.5m<sup>3</sup>/min
- Package size: 1350\*870\*1650mm
- Package weight: 487kg
