

SPC-150D Double Head Auto PVC Labeling Machine

Our PE Film Shrink Wrapping Packing machine is used in the combination package of mineral water, beverage, beer, liquid, infusion bottle and so on.

The linear bottle feeding method has small space occupation, convenient layout, stable conveying and high efficiency; the sealing adopts the advanced structure of heat sealing and eagerness, the sealing is firm, the edges are neat, the stitching performance is good, and there is no flash.

In today's fast-paced manufacturing and packaging environment, efficiency and reliability are critical. The company continually seeks innovative solutions to streamline operations while ensuring product integrity. The automatic linear PE film shrink packaging machine is a game changer in packaging technology. This state-of-the-art machine is designed to meet the diverse needs of industries ranging from food and beverages to pharmaceuticals and consumer goods.

1. All-cover type stainless steel host machine: The whole machine is waterproof as well as rustproof.
2. Adjustable cutter head: Unique cyclotron cut-off, double sided cutting edge with a long service life.
3. Single positioning center guide pillar: More stable for label delivery.
4. Synchronous bottle divider: A more stable transmission for the bottle.
5. Bottom set label brush: More precision for casting label.
6. Label-controlling electric-eye shelf: Unique combination of tail and electric eye to improve the precision for cutting off the membrane materials.
7. Push-button control cabinet: A more humanized operation.
8. Independent feeding material shelf: The position of the material shelf is optional at will.
9. Electrical Appliance Configuration Specification

It adopts PLC programmable controller, imported servo motor, servo driver, frequency converter and transducer: Also, it adopts the positioning module to ensure the casting label precise, rapid and stable.

10. Applicable Variety Types of Label Various kinds of bottle types, for example: Round bottle, square bottle, curve bottle and cup-shaped, etc.

Technical Data

Model	SPC-150D
Capacity(500ML)	12000BPH
Voltage	380/220
Suitable Bottle	PET Bottle, Plastic Bottle
Diameter of bottle	Diameter: 55-110 MM
Height Of Bottle	150-310MM
Suitable Cap	Plastic Screw Cap
Weight	1800kg
Main Motor Power	32.5kw
