

## Screw Elevator HNTS-G3/5/7/12

Screw elevator is suitable for the no-sticky powder, small grain, particle, granule, such as rice, dry milk powder, salt, soybean powder, etc.

### Features

1. Working with packaging machine for feeding variety powdery products.
2. Two motors used for screw feeding and hopper vibrating, separately control.
3. Adjusting the hopper amplitude according to product features.
4. Unique dust-proof design keeping the products clean and hygiene.
5. The auger screw has the forward and reverse function, which is easy to clean materials inside the auger screw.

### Technical parameter

Model	HNTS-G3	HNTS-G5	HNTS-G7	HNTS-G12
Pipe dia.	φ114mm	φ141mm	φ159mm	φ219mm
Hopper volume	150L	200L	230L	300L
Production capacity	3CBM/H	5CBM/H	7CBM/H	12CBM/H
Elevating degree	45 degrees, can be 30 or 60 degrees			
Elevating height	Standard 1800mm(customized)			
Hopper type	Round or square type			
Votage	380V 3phase 50/60HZ			
Weight	130KG	180KG	230KG	270KG
