

MT-220 Automatic Square Flat Bottle Adhesive Sticker Labeling Labeller Machine

MT-220 model plane non-dry tape marking machine to achieve rationalization of production target and design. Labeling process automation, simple operation, the production speed is quick, labeling position, beautiful, neat, This equipment is mainly used in food, beverage, pharmaceutical, cosmetic, chemical industry, the bottle of single side or plane.

Feature:

1. The step or the servo motor system.
2. Clutch design, make the label tension force more stable, and easy to improve labeling precision.
3. Advanced color man-machine interface control system.
4. Germany Siemens PLC control, high reliability.
5. Use Germany, Japan magic eye.
6. Machine structure is simple, compact, easy to operation and maintenance.
7. Can add ribbon typewriter, or heat transfer machine and automatic send bottle opener (optional).

Parameters:

(Type)	MT-220
Power Supply	110V/220V
	50HZ/60HZ
Label Length:	6-150mm
Label Width:	20-180mm
Conveyor width	101.6mm

Bottle size	L:40mm-400mm
	W:40mm-2000mm
	H:0.2mm-150mm
Paper roll diameter (maximum)	φ300mm
Inside of paper roll	φ76mm
Labeling speed (maximum)	50-120 PCS/min
Labeling precision	±1mm
Machine size (L *W* H)	2100*900*1450 mm
Packing size (L *W* H)	2200*1000*1550mm
Machine Weight	200KG
Packing weight	250Kg
