

Fully Automatic Milk and Powder Cartoning Machine GS-60

This equipment of Fully Automatic Milk and Powder Cartoning Machine For Top Opening Type Carton is new model developing base on integrated domestic and foreign vanguard technology. It is high technology product incorporates pneumatic-photo-electro-mechanic which improve by a large on performance of equipment and working efficiency, realize encasing fast, keep running steady and reliable when fast running.

This machine is suitable for feeding and sealing food, medicine, daily chemical, entertainment, hardware and other items. The automatic feeding mechanism and the weight checker can set the number of items to be packed on the operation screen. The whole process of on-line material inspection, stamping batch number, paper tongue packaging at both ends of carton (also applicable to hot melt adhesive) and finished product output are automatically completed.

Features:

- International famous brand of electrical component such as PLC touch screen, frequency inverters, etc.
- Adopt human-machine operation system.
- Automatically stop when machine is overload.
- Automatically reject lacking of package product and leaflet.
- Automatically display trouble, Alarm and count finished products.
- Stable performance, operation is easy.

Technical Parameter:

Encasing speed 10-60 boxes /min		
Box	Quality requirement	250-350g/m ² 【Base on carton size】
	Dimension range (L×W×H)	(70-200)mm×(14-70)mm×(35-120)mm
Compressed air	Working pressure	≥0.6mpa
	Air consumption	120-160L/min
Power supply		380V 50HZ
Main motor power		1.5kw
Machine dimension (L×W×H)		3100mm×1600mm×1800mm
Machine weight		1400kg
