

## *DS400 High Speed Automatic Sleeve Labeling Machine*

It adopts PLC programmable controller, imported servo motor, servo driver, frequency converter and transducer; Also, it adopts the positioning module to ensure the casting label precise, rapid and stable.

### **Features:**

- All-cover type stainless steel host machine: The whole machine is waterproof as well as rustproof.
- Adjustable cutter head: Unique cyclotron cut-off, double sided cutting edge with a long service life.
- Single positioning centre guide pillar: More stable for label delivery.
- Synchronous bottle divider: A more stable transmission for the bottle.
- Bottom set label brush: More precision for casting label.
- Label-controlling electric-eye shelf: Unique combination of tail and electric-eye to improve the precision for cutting off the membrane materials.
- Push-button control cabinet: A more humanized operation.
- Independent feeding material shelf: The position of the material shelf is optional at will.

### **Technical specifications:**

- Model: DS400
- Capacity: Max. 400bottles/min
- Power: 3.5 kw
- Suitable Bottle Diameter: 50-125mm
- Label height: 40-200mm
- Label inserting head: Single
- Overall dimension mm(L\*W\*H): : 2500× 1750× 2270(mm)
- Applicable Scope round and square bottle PET. PP. PE. PC
