

## SLJ series Vibrating Screw Conveyor

SLJ series spiral round pipe vibration feeder is a kind of economical and practical convenient feeding machine, its characteristic is simple installation, easy to use, maintenance is convenient. Due to the uniqueness of the design, easy to transport liquid and powder material with poor liquidity, such as milk powder, monosodium glutamate, solid drink, white sugar, dextrose, coffee, feed, pharmaceutical, pesticide, solid powder, granular additive, dyestuff, etc.

- Power supply: 380v three-phase 50/60Hz
- Charging angle: Standard 45 degree, 30~60 degree are also available.
- Charging height: Standard 1.85M, 1~5M could be designed and manufactured.
- Hopper: Standard square shape, round hopper and other volume could be designed and manufactured.
- Fully stainless steel, contact parts made of SS304.
- Remark: Other charging capacity could be designed and manufactured.

### Technical Parameters

Model	SLJ-1	SLJ-3	SLJ-5
Charging Capacity	1- 2m <sup>3</sup> /h	3m <sup>3</sup> /h	5m <sup>3</sup> /h
Hopper volume	120L	230L	230L
Total power	800W	1200W	1680W
Total weight	80KG	180KG	200KG
