

Automatic Top and Bottom Labeler NLW-300

Automatic Top and Bottom Labeler NLW-300 is suitable for various flat products top and bottom surface labeling such as plastic boxes, DDR, note book, aluminum foil bags, etc. It can be connected with production line to elevate production.

Features:

1. Two copies stepper motor driven Label Applicator.
2. Encoder technology automatically synchronizes conveyor speed with dispensing speed to prevent wrinkles.
3. Separately mounted Modular Microprocessors control box for ease of operation.
4. Optimum sensing system provides the most accurate position.
5. It's not necessary to adjust for label and product replacement.
6. Simple Adjustment of labeling head by unique tilt with turn wheel and indicator positioning.
7. Made of SUS#304 stainless steel and aluminum alloy frame construction.

Specification:

- Speed: 30~80 PPM (Based on product & label)
- Accuracy: ± 1 mm
- Label type: Non-transparent label
- Label size: (W)10~100mm (L)10-300mm
- Label reel: ID:75mm OD:300mm
- Power supply: 110/220VAC, single phase
- Machine dimensions: (L) 1520mm (W)700mm (H)1700mm

Option Accessories:

- Date Coder
- Transparent label sensor
- Friction flat carton feeder
