

GC18 Zip-top Can Filling Machine (constant pressure)

GC12, GC18, GC30 and GC36, these GC series fillers are automatic fixed liquid level type filling machine. The capacity is equals to 14 can/min multiplication by 12 (18/30/36). The filling valve adopts latest filling structure of Italy, fill steady, accurate, high speed and “No dibbing” phenomenon. It is suitable for liquid filling, especially for tin can which already filled solid.

主要技术参数

型 号	GC18
灌装头数	18
生产能力	0~250 cans/min
重量	1000kg
外形尺寸	1800 × 1800 × 1900mm
