

## *Automatic Vacuum Packaging Machine DZ-900*

This model may be customized for chamber size and seal bar placement. The DZ-900 Sealing operation and lid action is controlled by a single button for repetitive packaging. It is equipped with two seal bars (placement and length may be customized) and user adjustable controls for vacuum cycle, seal bar temperature and cool-down timing. This is the perfect vacuum sealer for large cuts of meat and whole fish. Plus, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package
