

## Chikki Packing Machine FWM03

In a wide range of products VISTA TECHNO PACK MACHINE is the best manufacturer, supplier and exporter of Chikki packing machine which is fully automatic. It provides best quality of machine for faster and air tight packing. The company takes care of raw materials used to design the machine. These are easy to install, use and to maintain. The machine is designed in Maharashtra and Mumbai; it is supplied and exported to different locations due to its robustness. The machine is in demand in many industries like beverages and chips because of its cost effectiveness.

### Feature:

- The machine is Easy to install
- It is Easy to use
- Low maintenance
- Cost effective
- Compact design
- Faster and time saving machine
- Manufactured in various specifications
- Air tight packing to protect the product from dust and contamination

### Product Details:

Model	FWM03
Machine Capacity	50ppm
Brand	VISTA
Driven Type	Electric
Packaging Type	POUCH
Automatic Grade	Semi-Automatic, Automatic
Condition	New
