

VFFS High Speed Machine VG42 With Multi Heads Weigher

This type of food packaging machine is suitable for multifarious of grain material, sheet material, strip material and abnormality material which such as snack, chips, popcorn, puffed, food, dried fruits, cookies, biscuits, candies, nuts, rice, beans, grains, sugar, salt, pet food, pasta, sunflower seeds, gummy candies, lollipop, Sesame.

Features:

1. A complete package process. This vffs packing machine is capable of automatically completing a series of packaging processes for filling, metering, bagging, date printing, charging (exhaust), and product output.
2. Save time, effort, power, and smarter operation.
3. Multi-selection of packing bag you can choose. it not only could provide the pillow bag, angle fold bag, hang hole bag, link bag, etc, but also it could provide a packing with a new and fashion design, excellent technology.
4. Provide a good quality and high precision, efficiency. Meanwhile, it would not crash the materials.
5. Easy to operate and use. VFFS high speed machine VG42 is a Simple and generous food packing machine.
6. A multi heads weigher-The multihead weigher packing machine VG42 (four servo motors) has 14 heads high speed weigher.

Specification:

Capacity	*80-120 bags/min, depending on weight& packing film' material.
Accuracy	* ± 1 Filling range.5% , depending on the measuring equipment & materials
Bag size	(W)50-200mm (L)50-360mm
Film width	Max 420mm
Bag type	Pillow bag
Filling range	150-1300ml
Film thickness	0.04-0.09mm
Package material	BOPP/VMCPP,PET/PE,BOPP/PP, PET/AL/PE etc
Air consumption	0.8Mpa 0.5m ³ /min
Total powder	7.8KW
Voltage Four wire	three phase 380V 50HZ
Air compressor	Not less than 1 CBM
Total height	4000mm
