

Automatic Pouch Packing Machine VS520

It (automatic pouch packing machine) is a quad bag type vertical form fill seal packing machine for food, and a wide variety of other products, such as coffee, tea, etc, creating the beautiful bag shape with 4 edges sealing.

Advantages:

- Quad bag with four edge seals makes it more beautiful and attractive
- Sealed frame structure makes it waterproof and dustproof.
- Automatic alarm when machine is broken down.
- The film pulling is driven by double servo motor with few friction force and high speed.
- Full 304 stainless steel frame makes it long service life.
- High working efficiency, Low labour cost.
- Product name: Automatic Pouch Packing Machine

Technical Parameters:

Model	VS-520
Packing speed	2-40 bags/min (determined by actual products)
Film width	200-500mm
Films	Laminated film
Bag style	Quad bag
Bag width	Front width: 40-240mm, Side width: 30-100mm
Bag length	90-300mm, max.600mm with twice pulling
Vertical seal width	5-10mm
Power	3kw, 220v, 50Hz

Air consumption	0.4m ³ /min, 0.6MPa
Dimensions	1620*1480*2050mm
Construction	Frame, electric cabinet and food contact parts are made of SUS304
Options	<p>Euro hole punch/ round hole punch device</p> <p>Tear notch device</p> <p>Bag support</p> <p>Gas flush</p> <p>Printer</p>
