

# GOLDEN LIN

## Fully Automatic Cup Filling & Sealing Machine GL-11204B

### Features:

- 1.Pneumatic cup filling
- 2.Equipped with PLC control combined with touch sensing screen for maximum operational convenience
- 3.The piston filling device permits adjustment of filling quantity
- 4.eliminate the conventional temperature control for multimolds simultaneously, the machine is specially designed with independent temperature control on each mold
- 5.In case there is trouble on the heating system, alarm lamp lights up Individually. This provides fast and convenient check for heating system trouble
- 6.The machine is constructed of stainless steel to meet sanitation standards
- 7.Waste film can be collected automatically
- 8.Outfeed conveyor is available for delivering the finished products to the next processing equipment

### Specifications:

Cup Capacity	5-50g
Production Rate	3,600-4,800 cups/ hour
Air consumption	280l/min
Power Source	220V, 60Hz, 5KW
Machine Dimension	L3000 * W850 *H1800mm
Packing Dimension	L3150 * W1000 *H 1950mm
Net Weight	1,000 kgs
Gross Weight	1,350 kgs
