

Semi-automatic Water Filling Machine FXZ-1

Semi-automatic Water Filling Machine consist of semi-automatic washing machine, semi-automatic Quantitive liquid Bottle Filling Machine, automatic single head screw capping machine, conveyor and motor. This type of machine with the advantage of low investment and easy operation.

Technical Parameter:

Model	FXZ-1
Capping heads	1 piece
Capping Speed	Less than 2000BPH
Suitable to bottle height	Max. 340mm
Suitable to bottle cap	100-150 mm diameter bottle cap
Machine power supply	220~415V 50/60Hz 3 phase
Power	0.75kw
Dimension	1000*900*2200mm
