

Automatic Stick Sauce Paste Liquid Packing Machine TJ-150J

The Automatic Stick Sauce Paste Liquid Packing Machine produced by our company has intelligent computer control, fast packaging speed, high precision and small error. The machine body is made of stainless steel and will not contaminate the material when it comes into contact with materials.

Features

1. 1-5g strip-shaped sauce quantitative packaging machine uses the microcomputer dual control system to accurately adjust the metering and bag length.
2. The deviation adjustment of the packaging bag can be adjusted only on the touch screen, and the operation is simple.
3. The Automatic Stick Sauce Paste Liquid Packing Machine can be automatically filled and designed, cutting quickly, efficient and intelligent.
4. Using high-pressure resistant steel plate, high safety, surface anti-rust treatment, pressure stability
5. The Automatic Stick Sauce Paste Liquid Packing Machine has a PLC control system and a bilingual display in both Chinese and English. The packaging speed and the length of the bag can be adjusted steplessly within a certain range without replacing parts.

Technical Parameter:

Model	TJ-150J
Packing range	5-100ml
Packing speed	30-60 bags/min
Making bag size	L50-150mm, W15-130mm
Packing accuracy	$\leq\pm 1\%$
Air Consumption	0.8Mpa,0.3m ³ /min
Power	1.6 KW
Seal Type	3/4 sides seal,pillow seal
Power supply	1 Ph,AC220V, 50/60Hz
Net Weight	250kg
Machine dimension	L800*W680*H1800mm
