

## Small Sachet Packing Machine KL-FZ100G

Suitable for packing granules, flakes, bars, powder, such as tea, solid drinks, biscuits, rice, potato chips, shrimp.

### Advantages:

1. Advanced design concept, simple operation.
2. SCM control system, low failure rate.
3. The use of frequency converter, close the machine automatically open the sealing knife, save material.
4. Bagging, filling, metering, sealing, printing, finished product transporting to finish on time.

### Technical Parameters

Model:	KL-FZ100G
Range:	1-100g
Film width:	14CM
Bag length:	0-16cm
Bag width:	2.5-5cm
Film roller diameter:	300mm
Speed:	10-20 bags/min
Voltage:	220v 50HZ/60hz
Power:	500W
Dimension:	560*460*970mm
