

## *Coffee Packing Machine Pillow Bag*

This is the fully automatic coffee powder packing machine, machine is able to dose and fill the coffee powder into the pouch which is the machine made from the film, then seal and cut. High precise and fast. You only need to add the powder into the feeder and set the volume per pouch on the touch screen, put the roll film on the machine, then the machine will begin working, from powder to one bag, Save cost for you. The lot number printer is an optional device.

### **Features:**

- Low cost, high gain, high speed, and efficiency.
- Famous brand PLC control system, large touch screen, convenient to operate;
- Film drawing down system and horizontal sealing controlled by servo motor;
- Minimize the loss with a complete automatic warn protection function;
- It can complete feeding, measuring, filling, sealing, date printing, charging (exhausting), counting, and finished product delivery when it equips with feeding and measuring equipment.
- The way of bag making: the machine can make pillow-type bags and standing bags according to customers' requirements.

## Parameter

Item	Content
Capacity	MAX 20-30 bags/min ( the packing speed will be changed according to the bag length, film material, and the packing product)
Accuracy	$\leq \pm 1\%$
Film width	220-520 mm
Bag type	pillow bag and gusseted bag
Filling range	$\leq 2.8L$
Film thickness	0.04-0.09 mm, the best is 0.07-0.08 mm
Package material	thermal composite material., like BOPP/CPP, PET/AL/PE, etc
Air consumption	0.8 Mpa 0.35 cmb/min
Voltage	Signal phase 220V, three phases, 380V 50 /60 HZ
Total height	L4.5m * W3.2 m * H3.0m
