

Powder Stick Packing Machine VZ-420-4K/VZ-420-6K

Powder stick packing machine is suitable for packing a variety of powders.

Technology Characteristic:

- Machine with advanced technology, beautiful appearance, reasonable structure, stable performance, precise operation, efficient and durable, easy to operate, energy saving and other diversified quality characteristics.
- Set of measuring, bag making, filling, sealing, cutting, testing, coding, counting, transport and other processes in a fully automatic multi-functional packaging machine.
- Use manual man-machine interface and automatic detection and alarm system program for this machine.
- Adopt imported PLC, cylinders, optics, touch screen, temperature controller, frequency converter, relays, servo motors, high quality power supply circuits.
- Famous branch Servo motor for film pulling system.
- PID temp. controller within 1 degree.

Technical parameters:

Model	VZ-420-4K	VZ-420-6K
Bag length	30-160mm(L)	30-160mm(L)
Bag width	10-50mm (W)	10-30mm(W)
Max width of roll film	440 mm	440 mm
Packing speed	30-50 bags/ min/ lane	30-50 bags/ min/ lane
Air consumption	0.65 Mpa	0.65 Mpa
Gas consumption	0.2 cubic meter/ min	0.2 cubic meter/ min
Power voltage	220 VAC/ 50 Hz	220 VAC/ 50 Hz
Power	2.0 KW	2.2 KW
Dimensions(L*W*H) mm	1100*990*2100	1100*990*2100
Weight	400 kg	450 kg
