

DZB-360 Flow Wrap Machine

Light clay plasticine packaging is suitable color plasticine clay, which can be done automatically plasticine molding forming, cutting, packing into bag.

Technical Data

Model	DZB-360
Max.film width	350mm
Max packaging capacity(according to its material to fix)	20-150 p/min
Suitable film thickness	0.03-0.06mm
Length of bags	50-200mm
Packaging with	30-150mm
Packaging height	5-40mm
Total power	4.5Kw 220V 50hz
Overall dimensions(L x W x H)	4000x950x1500
weight	880kg
