

## Multi Pack Biscuit Packing Machine DXD-660

DXD-660 Multi-Piece Biscuits Packing Machine is for flow packing of biscuits of different shapes and sizes.

This flow wrapper could be used for packing biscuits of different at height and different groups at length.

### Technical Specification

- The flow pack could be used for packing both single piece or multi-pieces of biscuits both at height and at length.
- The machine is equipped with motion control plc, which allows machines run with bigger packing range and stable working
- This pillow type packing machine could be installed with magazine feeders to save labors.
- Less and easier adjustment on machine for packing of different shapes and sizes of biscuits.

### Technical Parameters

Max.Production Capacity	最大生产能力	800bags/min (根据物料不同, 而有所改变)
Max.Width of Film	最大包装膜宽度	300mm
Max.Dia.Of Film	最大包装膜卷筒直径	390mm
Shapes of Products	包装物形状	Square, Rectangle, Round, Cylindrical 正方形、长方形、扁圆形、长圆柱形
Packing Range	包装范围 袋长由切刀数决定	Bag Length (袋长) : 55-200mm; Width (袋宽) : 15-60mm; Height (袋高) : 5-30mm Complex hot sealing film as opp, cpp, pet, Al metallized film, Al-plastic film, paper film and so on.
Film Material	包装材料	OPP、CPP、PET、镀铝膜、铝塑膜、纸塑、纸胶等单层多层可热封材料
Power supply for each machine	各支线功率	8Kw-12Kw (根据物料不同, 而有所改变)
Power	电源	3P/380V/50Hz
Overall Dimension	外形尺寸	7150-12000×1000×1700mm (根据物料不同, 而有所改变)
Weight of each machine	各支线机器重量	1300-1800kg (根据物料不同, 而有所改变)

Note: We can design and manufacture according to customer's special needs. 注: 用户如有特殊规格, 本公司可另行设计制造。
