

YB-SW90 Automatic Cellophane Film Wrapping Machine

The machine is widely applicable to the automatic film packaging (with gold tear tape) of various single boxed articles.

With new-type of double safeguard, no need stop of machine, other spare parts will not be damaged when the machine runs out of step.

Original unilateral hand swing device to prevent shaking the machine adversely, and the non-rotation of the handwheel when the machine keep running to secure the security of the operator.

No need to adjust the height of worktops at both sides of the machine when you need to replace mould, no need to assemble or dismantle the material discharge chains and discharge hopper.

Technical Parameters

Model	YB-SW90 Automatic transparent cellophane film wrapping machine for cosmetic box soap
Product length	100-280mm
Product width	50-180mm
Product height	20-90mm
Speed	20-50 bags/min
Power	1.5 KW
Machine weight	300kg
Machine dimension	L3000mm, W1500mm, H1700mm
