

BFM-A Cosmetic Box Corner Labeling Machine

Basic concept for seal labeling and closure labeling:

Due to increasing product counterfeiting, many manufacturers are forced to make their products tamper-proof and counterfeit-proof.

There are legal requirements for this in some countries. We have developed model BFM for this task.

The system enables one-sided and/or two-sided seal labeling of pharmaceutical folding boxes. This system also used in the cosmetics industry.

Equipment options:

- TTO module;
- Camera system(s);
- Rejection station(s);
