## *SH-XG01 Automatic Steam Type Linear Metal Twist-off Lug Caps Jar Bottle Vacuum Chili Sauce Capping Machine For Fruit Jam*

### **Main Feature**

- ▶ Suitable for a variety of bottle types such as round, square, and various shapes.
- ▶ Adopting Siemens frequency converter for frequency conversion and speed regulation, which can improve the accuracy of work.
- ▶ Use high-speed steam to replace the normal pressure air in the top gap of the bottle mouth; after sealing, the cooling water pipe sprays cold water on the cap to cool the bottle, so that the required vacuum degree is achieved in the sealed bottle
- ▶ It is easy to operate by simply adjusting the machine to replace bottles or caps of different specifications.
- ▶ It can be connected with the automatic filling and labeling machine to realize automated production

### **Parameter**

- Machine model: SH-XG01
- Power supply: 110/220V 50-60HZ 3.12KW
- Working capacity: About 4000BPH
- Suitable cap size: Customized
- Suitable bottle size: Customized
- Steam consumption: 180-230kg/h
- Steam pressure:  $\leq 0.4$ MPa
- Maximum vacuum degree: 34-67KPa
- Machine size: About 3000\*857\*2110mm
- Machine weight: About 500kg
