

## Vibrating Feeder HNZD-A3

Vibrating feeder is for temporarily storing and transferring dry, free-flowing food and non-food products to bucket elevator for the following packing line.

### Features

1. The feeder with stable and strong vibration which makes the products transfers evenly.
2. Amplitude can be adjusted to control the flow rate.
3. Electromagnet controlled mechanical vibration with simple structure and easy installation.
4. The good quality ensured your long life using and low maintenance cost.
5. Less noisy with small power consumption and environmental friendly.

### Technical parameter

Model	HNZD-A3
Bucket volume	150L
Machine frame	SUS304
Production capacity	3-5m <sup>3</sup> /H
Vibrating noisy	<40DB
Voltage	220V 1phase 50/60HZ
Dimension	1350(L)*900(W)*720(H) mm
Weight	105KG
