

KX-250 Plastic Overwrapping Machine

The KX-250 high speed cellophane wrapping machine carries out feeding, stacking, wrapping, heat seal, sorting out and application of anti-counterfeit tearing tape. This cellphone wrapping machine is applicable for a wide array of products, from food, to cosmetics, to healthcare and everything in between. It is especially suitable for wrapping pharmaceutical and health care products that require a higher amount of packaging, due to its ability to wrap smaller boxes together without the need for a secondary, larger box.

Technical specifications

- Speed: 20-60box/min
- Packing Size Range: Length: 40-200mm
Width: 30-120mm
Height:10-50mm

(can do custom designed)

- Power supply: 220V 50Hz
- Motor Power: 0.75KW
- Electric heating: 4KW
- Machine dimension (L×w×H): 2700×975×1490mm
- Machine weight: Appro 1000KGS
