

Tooth Paste Tube Filling And Sealing Machine

This machine adopts a digital adjustment system for filling volume, which can directly adjust the filling volume on the touch screen. The filling volume adjustment is convenient, accurate, stable and reliable.

Product Parameter:

Parameter	Value
Body	stainless steel
Power supply	50 (60) HZ、220V
Air pressure	0.4-0.6Mpa
Main motor power	1.5KW
Heater power	3.3KW
Filling range	10-70ml, 20-140ml, 30-300ml
Hose length	80-220mm
Hose diameter	16-50mm
Filling speed	40-55 pcs/min
Filling accuracy	±1%
Equipment size	1830mm*1160mm*1850mm
