

## ***AUTOMATIC BOTTLE STICKER LABELING MACHINE LBSL 150***

Laxmi Pharma Equipment offers Automatic High Speed Bottle Sticker Labeling Machine Model: LBSL 150, Vertical Linear Sticker Labeling machine suitable for labeling round containers which are previously filled and sealed. As the machine is servo or stepper motor operated, a customer has an added advantage to run the machine with a minimum required output to maximum of 150 Labels per minute but depending upon the Label Size and Quality. All the adjustments are completely user friendly and requires minimal tools

### **Silent Feature:**

- No change parts are required for change over of container size.
- Synchronized speed of Label Dispensing, Conveyor and Pressing Device
- Easy to change label application height
- Self protected against any voltage fluctuations.
- Suitable for On-Line Ink Jet and Contact Coding System
- Suitable for Partial, Full Wrap Around and Overlap Labeling
- High Production Speed up to 150 containers/min
- PLC based system with touch screen HMI.
- Conveyor & servo speed synchronized and controlled from HMI.
- In built Speed Indicator & Counter
- User Friendly Label Placing Adjustments
- There is no requirement of Oil or Grease for maintenance
- Online rejection system (if required)

### **Application:**

- Pharmaceuticals
- Ayurvedic
- Herbal
- Pesticide
- Cosmetic

- Chemicals
- Food
- And in other allied company and industries

<b>ECHNICAL SPECIFICATION</b>	
<b>Model No</b>	<b>LBSL 150</b>
<b>Label Height</b>	10mm to 90mm
<b>Label Length</b>	12mm Minimum
<b>Gap Between two labels</b>	Minimum 3-5mm
<b>Label Roll Dia</b>	300/ 400mm
<b>Core Dia</b>	75/76mm
<b>Power Characteristics</b>	220v, 1 Phase, 50Hz, 1.2kw
<b>Speed</b>	60-150 labels per minute (Depending on label size & Container)
<b>Conveyor Height</b>	800 – 850mm
<b>Conveyor Lenth</b>	1500 – 1800mm
<b>Net Weight</b>	400 kgs
<b>Machine Length</b>	930mm
<b>Machine width</b>	930 mm with applicator
<b>Machine height</b>	530
