

Big Bag Ketchup Packing Machine BT-480J

It is suitable for the packaging of catsup such as potato paste, chili sauce, salad sauce, honey and so on. It is also suitable for the package of liquid such as vinegar and oil in bags. It can also used to pack powder and granule by changing the hopper and filling parts.

Characteristics:

1. Machine body with stainless steel, according to GMP specification
2. Micro computer control, imported advanced CPU chips and switch, all function can be set by screen button and displays on screen.
3. High photo electrical track accuracy, with the packing speed of 30-100bag/min, the tolerance is within 0.5mm
4. It can automatically finish bag making, measuring, filling, sealing, cutting and counting.
5. The bag length is adjustable on computer screen.
6. Equipped with production output warning function and the packing speed can be display on the screen.

Main parameters:

- Packing speed: 25-60bag/min
- Filling Range: 100-500ml
- Power Source: 220v 50hz 1.5kw
- Machine Weight: 400kg
- Machine Dimension: 780x920x1980 (mm)
