3. High speed, 3000-6000 bottles per hour (500 ml/bottle), frequency conversion stepless variable speed

Model	TOPKING-001
Power	0.75kw
Overall dimensions	1200*1000*2000
Filling quotas	12
Filling quantity	150-750(ml)
After-sales service	A year
Production capacity	2000-2500 bottle/hour
Applicable bottle diameter	55-110(mm)
Filling accuracy	0.5(%)
Work principle of	Atmospheric pressure
Packing type	bottle
Applicable objects	Fruit juice beverages, alcoholic drinks, mineral water, pure water, yoghurt, oils, oral liquid, liquid, liquid alcohol
Applicable industry	Food and beverage, food, medicine, tobacco, chemical material type: liquid
Degree of automation	Fully automatic
