

## *T60BF-100 Automatic Back Seal Bag Powder Packaging Machine (With Auger Filler)*

It is suitable for packing powdery materials, such as milk powder, sesame-seeds powder, bone-strengthening powder, seasonings, lucid ganoderma powder, and some granulated products etc.

### **Features:**

1. Adopting fully automatic computer control, and film pulling device is controlled by servo motor.
2. Perfect sealing performance, avoiding leakage and dampness, and it is good for environmental protection.
3. Adopting auger filler for more accurate measurement. The measurement accuracy is  $\pm 1\%$ .
4. Working speed can be greatly improved, without leakage, the working environment is dust-free.

### **Technical data:**

<b>Model</b>	<b>T60BF</b>
Product name	Automatic Back Seal Bag Powder; Packaging Machine
Filling range	1~10 g or 10~50g (50-1000g can be customized)
Packing speed	40~80 bags/min
Bag size	L: 50-135mm; W: 80-240mm
Power	220V, 50Hz, 1.2KW
Dimension (L*W*H)	870*650*1650mm
Weight	260KG
