

Chocolate Bar Wrapping Machine LG-450

Due to the excellent quality and advanced technology of our packaging machines, our products and services have won wide praise from customers at home and abroad in the nearly ten years since the establishment of our company. Chocolate bar wrapping machine is used in food, medicine and other industries, such as chocolate, candy, sugar, etc.

Advantage Of Chocolate Wrapping Machine

1. Chocolate bar wrapping machine is equipped with an automatic positioning system, which can automatically control the position of materials. This function allows products to enter the packaging machine in any order, and can realize more accurate positioning, more stable delivery and faster operation of packaging products.
2. The simple structure design of chocolate bar wrapping machine makes it more convenient to operate, more convenient to adjust and set up the machine. Especially when changing products of different sizes, it saves time and effort to clean the inner tank and replace the mold, which can effectively save production time and improve production efficiency.
3. In the feeding aspect, chocolate bar packing machine can realize multi-stage feeding operation. The multi-stage feeding system equipped with the machine can make the feeding process more open and transparent, and greatly reduce the accidents caused by feeding.
4. Machine maintenance of the equipment is very easy to operation, in order to maintain machine equipment more convenient, chocolate bar packing machine equipped with automatic detection and automatic alarm system, the two systems can be found in time machine and improper operation of the problems, an alarm in time, can reduce accidents effectively. Besides, it can save the time and energy of operators and greatly promote the improvement of production efficiency.

Technical Data:

Model	LG-450
Film Width	Max. 450mm
Bag length	120-280mm
Bag width	60-200mm
Bag height	Max.60mm
Film Diameter	Max. 320mm
Packing speed	40~230 bags/min
Power supply	110V/60 H Z,2.4 KW
Machine size	(L)4020X(W)720X(H)1320mm
Machine weight	900Kg
