

Mini Pouch Packing Machine HC-170/HC-210

Our mini pouch packing machine is fully automatic to finish the process of bag feeding, bag opening, products filling, heat sealing. This machine requires small space, and the cost is low.

Technical parameters:

Model	HC-170	HC-210
Bag size	W: 85-170mm	W: 100-210mm
	L: 100-300mm	L: 120-380mm
Packing speed	30-70 bags/min	20-60 bags/min
Voltage requirement	380V, 3ph, 50/60Hz	
Power	Approx. 5.5kw	
Air consumption	≥0.7 m ³ /min (supply by user)	
Machine weight	800kg	950kg
Machine dimension	1500*1100*1500mm	1800*1100*1500mm
