

TP-15L-1 Semi Auto Loose Powder Filling Machine

Target Products: filling machine for loose powder

Features:

1. Powder feeding by servo motors to ensure quantitative accuracy
2. Customized feeding screw for different material, to ensure no leakage in filling
3. Special design for Powder filling to ensure that no leaking
4. 2 types filling model: A: Turntable Filling B: Conveyor Filling

Specifications:

- Size: 1.5*0.85*1.8M
- Power: AC220V/50Hz 2kw
- Weight: 400kg
- Bucket Volume: 15L
- Output: 30-40 pcs/min
- Compressed air: 0.6-0.8Mpa
