

## *LR1600 Tabletop Horizontal Round Bottle Labeler*

The small-sized horizontal round bottle labeler, which is designed to be used in small production space. There are different kinds of bottles, like slender bottles, small diameter bottles and long bottles that couldn't stand well. Tabletop horizontal round bottle labeling machine can provide more accurate labeling way.

### **Features**

1. Small-sized horizontal round bottle labeler comes in small size, space-saving, and can operate on the table.
2. It is easy to operate, just pressing the bottom then it can start operating.
3. High steady labeling, labels and products can match smoothly.
4. Different kinds of labels setting parameter, it adds flexibility of machine application.
5. Exclusive positioning device for the bottle, improving labeling accuracy.
6. The small diameter round bottle could be labeled for one complete circle through contact rollers continuously rolling.
7. It has adjustable labeling speed and can be fitted depending on your production.
8. Control buttons can integrate in the control box together and is easy to adjust.
9. It is suitable for the non-transparent, anti-forgery, bar-code labels.
10. Additional construction: date coding machine and collecting rotary table, they can improve the production.
11. It is easy to maintain, and you don't need to disassemble the machine. Light and time-saving.
12. Made of SUS#304 stainless steel and aluminum alloy for frame construction. More durable and solid.

## Specification

- Labeling speed: 4 meters/min
- Labeling accuracy: +/- 0.5mm
- Label size: (Min.) W 10mm x L 10mm (Max.) W 100mm x L 300mm
- Labeling speed: 4 meters/min
- Labeling accuracy: +/- 0.5mm
- Label size: (Min.) W 10mm x L 10mm (Max.) W 100mm x L 300mm
- Label reel: inner diameter 75mm / Outer Diameter 300mm
- Tube diameter: 10-90mm
- Power: 110 or 220VAC, 50/60Hz, 1P
- Air pressure requirement: 2.5 kg/cm<sup>2</sup>
- Dimension: (L) 675mm x (W) 490mm x (H) 575mm
- Motor: stepper motor
