

Automatic Linear Capping Machine

For a variety of daily chemical, pharmaceutical, chemical industry, nozzle / pump head / pump head / spray pump / hand button gun cap lid cover machinery.

Main Features

- 1) Simple structure in linear type, easy in installation and maintains.
- 2) Adopting advanced world famous brand components in pneumatic parts, electric parts and operation parts.
- 3) High pressure double crank to control the die opening and closing.
- 4) Running in a high automatization and intellectualization, no pollution
- 5) Apply a linker to connect with the air conveyor, which can directly inline with filling machine.

Product parameters

- model : linear duckbill capper
- voltage : AC 220V 50/60Hz
- power : 0.8KW
- production speed : 30/60PPCS/MIN
- air pressure : 0.4-0.6MPa
- machine size : 400*140*200cm
