

## Bottle Shrink Sleeve Labeling Machine CX-TBJ-150

### Characteristic

1. The parts are SUS304 stainless steel
2. Including feeder turntable, effective cost/space saving (optional)
3. It has intuitive and convenient operation, measuring accurate, positioning precision
4. Fully in accordance with the GMP standard production and passed CE certification
5. Siemens Touch screen/PLC

### Technical Parameters:

Mode	CX-TBJ-150
Speed	9000 BPH
Main machine's size	1000*860*1800(L*W*H)mm
Machine's body & weight	SUS304, 700KGS
Electrical power	AC3-PHASE 220V/380V
Input power of machine	3.5KW
Diameter of bottle	φ25-125mm
Bottle height	Max350mm, special can be designed
Thickness of shrink label	0.035-0.13mm (pvc, pet.ops)
