

## *Linear Tube Filling Machine*

### **Feature:**

- Corrosion resistance
- High operational fluency
- Low power consumption
- Hassle free working

### **Technical Data:**

Machine Dimension	1200x1800x1850
Tube diameter	12.5mm to 40mm
Machine weight	1100kg
Power Requirement	7kw
Air requirement	6kg
Chilled water requirement	5°C chilled water
Filling volume	3gms to 200gms
Machine construction	SS304
Filling Construction	SS316
Machine Speed	60 tubes/minute
