

湖南汇一制药机械有限公司

HUNAN FE PHARMACEUTICAL MECHINERY CO.,LTD

NFS Capper

Main Application:

This machine is suitable for the medicine that need nitrogen protected .Such as amino acid, fat emulsion etc .

Main Technique Parameters:

- ◆production ability : 100-300 bottles/min
- ◆power:4(3)kw
- ◆quantity of plug-pressing:20(10)
- ◆overall size :3000*1800(1600)*1750mm³
- ◆specification :50ml. 100ml. 250ml. 500ml
- ◆net weight:1800kg(1000kg)

Function Feature:

This machine has some feature as high output , fine quality , simple structure , easy operating, stable and reliable running ,etc. Its projection is reasonable , conforms to the requirement of GMP.
