

Continuous Sealer SY-M900

- SY-M900 is a table-top model band sealer, performing horizontal sealing operation.
- It combines the functions of bag sealing, knurling or printing.
- The variable conveyor belt speed is adjustable to accommodate materials of various thickness.

APPLICATIONS FOR FOODS, CHEMICALS AND HARDWARE PARTS.

Specification:

Model	SY-M900
Voltage	110V/220V/240V
Loading weight of Conveyor	1KG
Sealing Width	5mm-15mm
Temp. Range	0-399°
Dimension	80*40*30cm
Weight	40KG

Features:

- Packing materials: any heat sealable materials.
- Bag Thickness: 0.26-0.5m/m (Total Thickness).
- Speed: Fixed Speed 8M/min.
- Sealing Width: 5m/m and 10m/m.
- Loading weight: 2KGS.
- Conveyor Width: 200m/m.
- Option for all models:
 1. COUNTER.
 2. SOLID INK CODER
