The Coffee powder packaging machine is possible to combine with other optional accessories, further handling (cartoning station, carton box, completion etc.)

**Technical Specification:**

<b>Model</b>	<b>FBVM-480</b>
<b>Number of lanes</b>	<b>4-12lanes</b>
<b>Packaging style</b>	<b>Strip (back seal)</b>
<b>Production capacity</b>	<b>100-600bags/min</b>
<b>Max fill width</b>	<b>500mm</b>
<b>Bag width</b>	<b>16-35mm</b>
<b>Bag length</b>	<b>50-180mm</b>
<b>Volume per bag</b>	<b>1-30g</b>
<b>Nitrogen filling parameter</b>	<b>The residual oxygen is less than 0.3%</b>
<b>Packaging film type</b>	<b>Heat-sealable laminated film</b>
<b>Film roll inner diameter</b>	<b>70-75mm</b>
<b>Power source</b>	<b>220V/50Hz</b>
<b>Power consumption</b>	<b>8.5kw</b>
<b>Air consumption</b>	<b>7 Litres/min @0.7Mbar</b>
<b>Weight</b>	<b>1200kg</b>
<b>dimension</b>	<b>1500Lx1300Wx2300Hmm</b>
