

KENO-L117 Semi Automatic Wet Glue Labeling Machine

This machine is especially designed for labeling different kinds of round bottles. They are featured with simple operation, convenient move, stable performance, wide applicability, high accuracy, and fast speed. You don't need to change any parts when labeling containers with different size.

The entire feature above make them the most ideal labeling machines for the usage in medium or small scale production.

Technical Parameters

Model	KENO-L117
Applicable Label	Wet glue label
Container Diameter	32-150mm
Label Size Min.	Width: 26mm Length: 25mm
Label Size Max.	Width: 150mm Length: 180mm
Label Core	Stander: 75mm
Label Roll	Max: 300mm
Labeling Speed	20-40 pcs/min
Machine Size	460*620*190mm(With Machine Stand)
Power	AC 220V 50/60HZ 100W
