

## YL-TB-R Automatic Round Bottles Labeling Machine

The automatic labeling machine designed for round bottles or other common cylindrical products. Such as cylindrical plastic bottles, glass bottles, metal bottles. It is mainly used for labeling of round bottles or round containers in food and beverage, medicine, and daily chemical industries.

### Technical Parameters

Model	YL-TB-R
Labeling Speed	40-250 pcs/min
Labeled Error	≤ 1mm
Label Size	(L)20-300mm (H)10-180mm
Containers Size	Φ20-φ100mm H20-200mm
Roll inside(mm)	Φ76mm
Roll outside diameter(mm)	Maximum Φ300mm
Machine sine (mm)	1700*650*1300mm
Power	AC Single-phase 220V 50Hz 1.5kw
Machine Weight	180 Kg
