

HW-520A Beans Packaging Machine

HW-520A is suitable for use in packaging high-precision and fragile materials, such as: crispy rice, snacks, candy, pistachio, beans, etc.

Features:

1. Chinese (or English) screen display (the countries words can according to the requirements of the customers)
2. Siemens PLC clearly show the working state, handle direction and so on, simple operation directly.
3. Siemens plc system provide a stable work procedures
4. It can stock ten dispose, fit to the change of the product packing fatly
5. Using intellect thermostat, can control the temperature within 2c
6. Adjust the seal position in the touch screen, do not need to stop the machine
7. Cooperate with horizontal grain tooth type sealing, packing more film, also can choose straight grain, twill, cobwebbing, etc
8. Use the CE installation standard, the protect standard can be IP65

Technical parameters:

Type	HW-520A
Measuring ragne	6000 ml
Bag length	400 mm(L)
Packing speed	5-50 bag/min
Packing material	OPP/CPP OPP/CE PET/PE NILO/PE PE
Max width if film froll	520 mm
Voltage three phase	220VAC/50HZ
Machine power	4KW
Dimension	1795L x 1150W x 1650H mm
Machine weight	600kg
